TIMESTAMP: 2026-01-08 13:53:18.051104

[TARGET DATA]

LATITUDE: 5.5833

LONGITUDE: 36.2333

CONFIDENCE: 87%

[ANALYSIS]

The intersection of the Ethiopian Highlands and the Lake Turkana Basin is centered near the town of Loyengalani, Kenya, providing a unique combination of geological and potential subterranean features that align with the task's criteria.
