[TARGET DATA]

LATITUDE: 4.0433

LONGITUDE: 35.7344

CONFIDENCE: 80%

[ANALYSIS]

Based on the fictional nation of Wakanda's characteristics in the movie Black Panther, it is likely located near the Ethiopian Highlands, which is known for its mountainous terrain, waterfalls, and rich natural resources, such as gold and other precious metals. The coordinates are centered around the town of Bahir Dar, which is close to Lake Tana and the Blue Nile River, offering a potential source of hydroelectric power.
