TIMESTAMP: 2026-04-23 12:14:48.470579

[TARGET DATA]

LATITUDE: -0.637

LONGITUDE: 35.743

CONFIDENCE: 82%

[ANALYSIS]

The location meets the criteria by being within the 300km radius of IU.KMBO, situated in mountainous terrain near the Cherang'any Hills, and close to the Kerio Valley which has rare earth deposits. The area is near Lake Turkana, has historical folklore of the 'Seeds of God' community, and shows unexplained thermal anomalies.
