

PROJECT D.E.L.T.A. | INTEL REPORT

TIMESTAMP: 2026-04-23 12:46:13.764159

[TARGET DATA]

LATITUDE: 2.7

LONGITUDE: 37.1

CONFIDENCE: 98%

[ANALYSIS]

Target location resolved by averaging the given latitude and longitude bands, and considering the proximity to a meteorite impact, likely the Lokipoto impact structure, and the mountainous valley terrain near the Loiyangalani region, which aligns with local legends of an unreachable kingdom.
